

Phosphate Binder

PF2 • PF7 • PF15

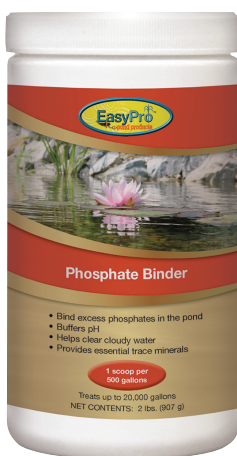

Features

EasyPro's family of water treatment products is designed to work together to achieve the natural ecological balance your pond needs to maintain clean, clear water.

EasyPro Phosphate Binder contains 70 trace minerals which work to naturally bind soluble phosphorus in pond water. It can be used all season long and works best in conjunction with All Season Pond Bacteria. Use of Phosphate Binder also promotes fish health by buffering pH preventing wild swings as well as adding essential trace minerals.

- Binds problem causing phosphates in the pond
- Buffers pH
- Helps clear cloudy water by settling suspended particles
- Provides essential trace minerals
- Boosts beneficial bacteria activity
- Safe for use arounds pets and wildlife
- Maintains a healthy, balanced ecosystem and reduces pond maintenance

1 Scoop per 500 gallons

Directions for Use

Phosphate Binder can be used all season long. Best if mixed with several gallons of pond water to make a slurry, then spread around edges of pond. Can be applied up to 2x recommend rates. Multiple treatments per week can be used for murky water. Best results if used with All Season Pond Bacteria. Can be used in alternate weeks or at the same time as bacteria treatments.

1 scoop = 1 oz.

Initial applications (or murky water):

- Apply 1 scoop per 500 gallons of pond water two times per week for first two weeks.

Maintenance applications:

- Apply 1 scoop per 500 gallons of pond water every one - two weeks

Large pond applications:

- Apply 3 to 5 pounds of product **per acre-foot of water.**

Product can be slowly applied behind a prop driven boat. This helps mix product into pond. Best if used when water temperatures are above 50° F.

Storage: Keep in cool, dry and shaded area with container closed when not in use.

CAUTION: Avoid dust inhalation. Wash hands with soap and water after use. Do not apply to water used for human consumption.

KEEP OUT OF REACH OF CHILDREN

Safe for fish & aquatic life

Sizes

Part #	Description	Size	Treats Up To
PF2	Natural Phosphate Binder, Jar w/1 oz. scoop	2 lbs.	20,000 gallons
PF7	Natural Phosphate Binder, Pail w/1 oz. scoop	7 lbs.	70,000 gallons
PF15	Natural Phosphate Binder, Pail w/1 oz. scoop	15 lbs.	150,000 gallons

When to Use

- Ideal for use with All Season Bacteria
- Spring, summer and fall, every two weeks depending on pond clarity
